	Estimated income	2015	2016	2017	2018	2019
A	National & International registrations	Income starting from operating date 1 sept 2015	Increase in Revenue is based on registrations being done on the island of SXM for the entire year. 17% increase has been budgetted as of 2016.	Increase Year over Year is based on regional income expected for International registrations.	See 2017	See 2018
B	National & International registrations 2015 via CUR	Income starting from 1 jan ending on 31 aug 2015	No Income is generated after August 31st, 2015. Amount for 2015 is based on documentation from Curacao	See 2016	See 2017	See 2018
C	Patents	Income 2014=72.000 Euro. Income 2015=72.000 Euro*107%	Revenue is based on the unique character of this Income. Increase is minimal based on the European Model. 7% increase has been budgetted as of 2016	See 2016	See 2017	See 2018
D	I-Envelope	According to Annual statements BIP NA 2009 and 2010 income derived from I-Envelope average ANG 8.900, in 2015 that would be roughly ANG 18.000 if an annual increase of 15% is applied.	The interest for I-Envelope on Sint Maarten is greater based on networking events attended etc. therefor a larger annual amount is expected than former NA.	18% increase has been budgetted as of 2017	See 2017	See 2018
E	ISBN	Service not offered in 2015	Books/DOCS have a unique ISBN Code which is attached to the author Revenue is based on 30 books/doc Per Year	10% increase has been budgetted as of 2017	See 2017	See 2018
F	Other Income & Services	Service not offered in 2015	Revenue will be based on fees in the Region CUR/AUA and other countries. This Revenue is an administrative fee and can be increased Year over Year	18% increase has been budgetted as of 2017	See 2017	See 2018

Notes to Multi-Annual Budget 2015-2019 part 2

	Estimated Cost	2015	2016	2017	2018	2019
1	Personnel cost	1 jan 2015 employed a director and office manager. As of aug 2015 a legal advisor will be added	No other vacancies will be filled in the first 3 years	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
2	BBIE operational cost	Quotations and Calculations are available upon request	Annual rate not expected to increase in 2016	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
3	Supervisory Board	All Calculations are available upon request.	Full year supervisory board	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
4	Rent	Rent is based a signed contract and will start effective September 1st, 2015	No Increase in rent	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
5	Professional Fees	Professional fees include the Accounting Fees as well as Legal Advice.	Less Accounting Fees in 2016	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
6	Travel expenses	Travel will possibly be necessary in Q3 of 2015	Travel to Geneva and neighboring islands has been taken into account for 2016 based on actual ticket prices	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
7	Training	Training will be necessary during Q3-Q4 of 2015	Training & Schooling for the entire year	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
8	Marketing	In order to substantiate increase in Revenue, Marketing will have to be aggressively done to familiarize general population and region of using SXM as their HUB for Patents and registrations	Annual rate not expected to increase in 2016	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
9	Utilities	Based on use of office space as of September	Based on use of office space for the entire year	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
10	Bank Service Charge	Based on actual bank charges	Annual rate not expected to increase in 2016	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
11	Subscriptions	Subscriptions include online legal databases	Annual rate not expected to increase in 2016	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
12	Service Contracts	Service Contracts for Misc. Non Budgeted line items	Service Contracts for Misc. Non Budgeted line items small increase due to full year operation	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate
13	Office Supplies	Based on actual expenditures	Small increase due to full year operation	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate	See previous year times inflation rate times population rate

Notes to Multi-Annual Budget 2015-2019 part 3

	Result	2015	2016	2017	2018	2019
	Result	Negative due to late start of operations in Q3/Q4	Positive result due to full year operation and increase in business	Increase in business in Sint Maarten and the region	Increase in business in the region	Increase in business in the region
	Art. 18 par. 2 Lvo BIE - Reserves BIP SXM	Due to negative result no reserves can be allocated	Reserves will be used to compensate loss of 2015.	Reserves will be used to cover (possible) losses, (possible) court cases. According to the MvT Lvo BIE a reserve up to one years expenses is allowed	Reserves will be used to cover (possible) losses, (possible) court cases. According to the MvT Lvo BIE a reserve up to one years expenses is allowed	Reserves will be used to cover (possible) losses, (possible) court cases. According to the MvT Lvo BIE a reserve up to one years expenses is allowed

Notes on starting capital:

- A Amount legally falls under the division of assets of the NA and therefore should be paid to Country Sint Maarten and not to BIP Sint Maarten.
- D Financial statements 2013 & 2014 have not yet been finalized, amounts are estimates based on financial overviews submitted by BIP Curacao.
- E Amount depends on exchange rate at the time of transfer and can only be requested after the agreement in accordance with art. 38 of the kingdom charter regarding patents has been finalized.
